

**Invitation to kickoff meeting for project:**  
“Real-time observation of side-reactions: Understanding and predicting the lifetime characteristics of Li-ion cells.”

**Swedish Electromobility Centre and Theme 3 active partners associated with Uppsala University invites you for a kick-off meeting for the granted SEC PhD student project “Real-time observation of side-reactions: Understanding and predicting the lifetime characteristics of Li-ion cells”.**

The aim of the kick-off-meeting is to get the partners more acquainted with each other, recap the content of the granted proposal and establish a common agreement on how proceed. Further meetings involving practical details will be discussed and planned.

**When:** 9 October 2020, 10:00-12:00

**Where:** Zoom or similar

**Registration and question:** Please email [erik.berg@kemi.uu.se](mailto:erik.berg@kemi.uu.se) to register.

## **AGENDA**

Agenda will be distributed to all registered participants in due time.
