

9 December 2020, Online

Welcome to “Electromobility research at LiU “”

Swedish Electromobility Centre and Linköping university are happy to invite our partners to the seminar “Electromobility research at LiU”.

A handful of electromobility research project presentations will be given during this seminar. The presenters work at different institutions of the university, and the talks will cover a wide span of different topics.

When: 1 December 2020, 10:15-12:00

Where: Online via Teams

Questions: Please email administration@emobilitycentre.se

Registration: Please register at the latest 30 November 2020 at 12:00
